Over 15,0000 people in India are killed every year due to traffic accidents. For a day average of 400 fatalities, India has one of the highest rates of accidents in the whole world. One of the prime reasons for these accidents is negligence of road safety norms and traffic signs. Road safety rules are not only limited to be used by motorists and drivers but also by pedestrians, cyclists, and others. Road safety campaigns are an important way to spread awareness among people about road safety measures and rules. Hence, all the staff and students have to attend this awareness rally.

This day was celebrated by all our Lecturers. It is the day to commemorate the birthday of Dr. Sarvepalli Radhakrishnan. It is the day to tell the importance of a teacher. On this auspicious day our principal presided the programmes for teachers. Teacher plays a crucial role in everyone's life.

A teacher can make a student as Engineers, Doctors, police officers, and also a teacher.

Teachers are the light of knowledge which vanish the darkness of ignorance.

So many programs conducted for the pleasure of teachers, who always strive to teach the knowledge.

Teachers participated actively and cheerfully. We had a lot of fun and joy. The day was full of enjoyment

## OBJECTIVES OF THE PROGRAMME:

1. To make college clean.
2. To cultivate the habit of cleaning the premises among the students.

## REPORT OF THE PROGRAMME:

Cleanliness is next to godliness - we all have read this quote. Our Bapu, Mahatma Gandhi, was particularly interested in banishing, along with the British, all the dirt and impurities that plagued our nation and its citizens. He had known since then that cleanliness leads to a healthy body and mind. Inspired by Bapu's vision, on 2 October 2014, the Indian government, under the leadership of Prime Minister Narendra Modi, made it a mission to make India clean by 2019 by eradicating open defecation, improving solid waste management, and making the citizens aware of the importance of cleanliness. In this connection, all the staff and students are requested to attend the SWACHH KALASALA program on 16.08.2018.

## OUTCOMES:

1. The staff and the students learnt to work together.
2. The college became clean.

## OBJECTIVES OF THE PROGRAMME:

1. To make the world free from pollution.
2. To bring awareness on the need for Ozone among the students and the staff.

## REPORT OF THE PROGRAMME:

September 16 was designated by the United Nations General Assembly as the International Day for the Preservation of the Ozone Layer. Collective decisions and action, guided by science, are the only way to solve major global crises. The theme for World Ozone Day 2018 to be marked on 16 September is: Keep Cool and Carry On. The theme is accompanied by the tagline: The Montreal Protocol. The theme for World Ozone Day 2018 is a motivational rallying call urging all of us to carry on with the exemplary work of protecting the ozone layer and the climate under the Montreal Protocol. The theme has two connotations - that our work of protecting the ozone layer also protects climate and that the Montreal Protocol is a "cool" treaty, as exemplified by its outstanding success.

Hence, the college celebrates WORLD OZONE DAY on 15.09.2018(SATURDAY) at Virtual Classroom, Room No 18. Sri Chaithnaya, a teacher in Natural Science explained the need for Ozone conservation methods.

## OUTCOMES:

1. Awareness is created.
2. Presentation skills are practiced.
