PROGRAM NAME: PAEDGE AND AWRENESS RALLY ON "SINGLE USE OF PLASTIC"

PROGRAM DATE: 08.02.2022

TIME: 09.00 AM

VENUE: ON ROAD

RESOURCE PERSON: NCC UNIT

CIRCULAR

07-02-2022

This is to inform all the students and the staff that the "PLEDGE AND AWARENESS RALLY" will be conducted on 08.02.2022 by the NCC cadets of the college. So the students and the staff have to join in the ground at 9 AM without fail.

PRINCIPAL
S.V.C.R. Govt. Degree College
PALAMANER - 517 408.

OBJECTIVE OF THE PROGRAM:

- Students will gain a greater understanding of the need to use all resources in ways that are not wasteful and damaging to the environment —both now and in the future.
- Students will gain a greater understanding of the threats facing a variety of organisms, including endangered species, and the need to reduce plastic pollution and aluminum waste.
- Students will understand that they can personally play an important role in reducing plastic pollution and increasing recycling rates for a healthier environment.
- Students will gain a greater understanding of the different types of plastics, and which can and cannot be recycled.
- Students will learn more about different states of matter and how plastic and aluminum can be changed into different states and reformed during the recycling process.
- Students will learn that aluminum beverage cans and certain plastics are excellent examples of closed-loop recycling and learn how recycling cans can save energy and reduce greenhouse gas emissions.
- Students will understand that recycling involves a firsthand commitment to making the environment healthier.

REPORT OF THE PROGRAM:

A Rally was conducted under the leadership of NCC Officer, cadets, IQAC Co-Ordinator and staff of the college where the students showed their support to the state and central government's decision of banning single use of plastic. An eco-critical sense was instilled among the on-lookers that made us spread the green message of stopping plastic usage easily. The startled and amazed public gazed them. Some of the cadets explained the need for cleaning in this way to the illiterate public.

OUT COME OF THE PROGRAM:

1. The students learnt the hazards brought by plastic.
2. They enjoyed in participating pledge and awareness rally on single use of plastic.
3. The public get awareness and accepted not to throw waste plastic on the road.
4. The students get awareness about single use of plastics and their effect on human health

Wheat is a Principal food of all Indian's
It is the seed of a kind of grass. We
grind these seeds into flour, from flour
we make bread and that is our chief
food. We call it the "stuff of life" wheat
seed is sown in cold weather but the
harvest is made in March & April. It is
a spring crop, hence it is called rabi crop
when ripen the seeds are beaten of their
husks, is a hard covering. Then the seeds
go to the miller who grinds them into

Student's Feedback :-

Every year on March February 28th we are celebrating National Science day on behalf of great achievement of Sir C.V Raman who discovered Raman effect. For his Contributions towards science Sweden government also honoured him with Nobel prize. As usual national scienceday was celebrated in our College SVCR Government Degree, palamaner. So on this occasion poster presentation on the topic of Role of science in human life for enrichment. So many students participated. This topic develops innovative ideas among students as we. we participated enthusiastically. we got prizes also. I got Second prize in that Competition. And P. Mehanaz Begum got Consolation prize. It was really inspiring and good for students. I got second prize as a book name is Qualitative Aptitude and "Wings of fire" by A.PJ Abdul Kalam. Mehanaz got a book named "A.PJ Abdul Kalam's Journey".
