PLOGGING PROGRAM

07-01-2022

CIRCULAR:

This is to inform all the students and the staff that the Plogging Program will be conducted on 07.01.2022 by the NCC cadets of the college. So the students and the staff have to join in the ground at 11 AM without fail.

PRINCIPAL S.V.C.R. Govt. Degree College PALAMANER - 517 408.

OBJECTIVE OF THE PROGRAM:

- 1. To clean the plastic from the sides of the roads.
- 2. To motivate the public on the ban and single use of plastic
- 3. To bring attention of all the people on the concept of cleanliness.
- 4. To bring awareness among the students and the public on the effects of plastic on environment.

REPORT OF THE PROGRAM:

Plogging Program means collecting waste plastic while running. The NCC cadets are sensitized on the hazards of waste plastic beside the road. The Principal and the staff motivated the cadets to collect all the trash and to make the roads clean. The cadets in the uniform attracted the attention of the public. They started to jog from the college in a rhythmic way and started to collect the plastic waste from both sides of the roads. The startled and amazed public gazed them. Some of the cadets explained the need for cleaning in this way to the illiterate public.

Feed back on plagging

Plogging means an act of picking up teach such as used plastic bottles while jogging or running at is a swedish phenomenon that is beneficial for the environment as well as fitness.

In the swedish town of Are, Erik Ahlstrom began the Concept of plagging in 2016

Ahlstrom made it clear that 'En swedish placks' is pick and jog of course

The world record is actually in mercico city four thousand people have been plogging in one day.

Benedits of Plassing

The litter that robody prefor to pick up will end up will end up will end up some whom it doesn't hail from oceans and rivers

at It keeps the environment clean and better after one starts plogging

of By plagging process we can keep our surrounding chan

ond hygenic

of the morning times we can clean the plastic

is developed in many other people.

Feed back on plogging

- > plogging is nothing but a act that is picking of used plastic and trash by jogging or running
- There are plenty of Good thing in plogging.
- -> It is a Swedish phenomenon that is benificial for the environment as well as fitness.
- and we can increase our fitness by judging.
- -> so we have two benifits with plogging act.
- → If we are shame to Pick up the plastick by wasking. Then plogging is the best way in which we can pick the used plastic by jogging it wont feel us to feel shy.
- -> The cleaness in our society increaces and it is very eco-friendly
- -> By seeing our contribution towards our environment many people will join with us.
- > By plogging we can clean plastic beside the mode and we can save the life of animals which are dieing because of eating plastic.
